

Aitkens security trunking range is available in all our manufactured sizes with all the lids for trunking & associated accessories adapted with a 7.8mm clearance hole to allow our steel tamper proof screws (**SS612**) to be used. These are M6 x 12mm pin hex recessed pan head screws finished in BZP to be used along with our unique self-locating security strap range (**ATMT** / **ATMT3** & **ATMT4**) for a secure lid / tamperproof installation.

A security screwdriver (**SSD**) is also available.

Standard part numbers for ordering are suffixed with an 'S'.
